## About us

We are Combat Stress. The UK's leading charity for veterans' mental health.

For almost a century, we've helped former servicemen and women deal with trauma-related mental health problems such as anxiety, depression and post-traumatic stress disorder (PTSD).

Today, we provide our life-changing treatment to veterans from every service and every conflict. On the phone and online. In the community and at our specialist centres.

When a veteran asks for our help, we develop a programme of treatment and support to meet their individual needs. From an hour a week at a peer support group close to home to our six week residential PTSD treatment programme at one of our centres, together we work out the right support.

We know that invisible injuries can be just as hard to cope with as physical ones. Our services help veterans cope with the present, tackle the past and take on the future. Some may find using just one of our services will transform their lives, others may need more to start living again. But our expert team will be there to help every step of the way.

# Charity Clay Shoot

Join us for our annual Charity Clay Shoot, a day not to be missed!

Continuing our partnership with the prestigious Royal Berkshire Shooting School, this year's event will be held at their award-winning and expansive shooting grounds in Pangbourne.

Whether you are a seasoned shot or complete novice, this is an unforgettable day to share with friends, colleagues or clients. Compete against teams representing the British Army and Royal Navy for the coveted 'Top Team' prize, or perhaps you have your sights set on the popular 'Clay Conservationist' team award!

Whatever your shooting skill, this is a fantastic day of networking, shooting and fundraising. This event will help raise funds to support the vital treatment we provide to veterans with mental health problems.

All tickets include breakfast, elevenses, a champagne reception and three-course lunch with wine. Guns and tuition are also included as required, as well as all cartridges and clays.
